

Project Examples

ABEL eCampus

GroupSense provides an eCampus for around 1200 students per year who are doing a post-graduate distance learning programme provided by Advanced Business Education Ltd (ABEL). The ABEL Programme has an emphasis on developing professional skills including online collaboration ([more](#)).

Landcare Research Online Collaboration Pilot

A science research organisation needed a way to support scientists working in distributed team, to coordinate their work in an Integrated Science programme and to support a Community of Practice. GroupSense is providing an innovative solution ([more](#)).
